- END -

Explanation - This amendment shifts \$2 million general fund each  
year of the biennium from the Medicaid waiver expansion to  
nonMedicaid aging community services. The amendment reduces  
federal Medicaid matching funds and restricts the use of the \$2  
million general fund. It also requests that the LFC monitor  
implementation and outcomes of the aging services funds. It is  
also the intent of the motion to fund the additional waiver slots  
and information services in LC 2314 (HB 2A - federal stimulus  
appropriations).
